

“Profits for Exxon” found on El Camino Real at about Davey Glen in Belmont, California suggests someone has an ecological agenda.

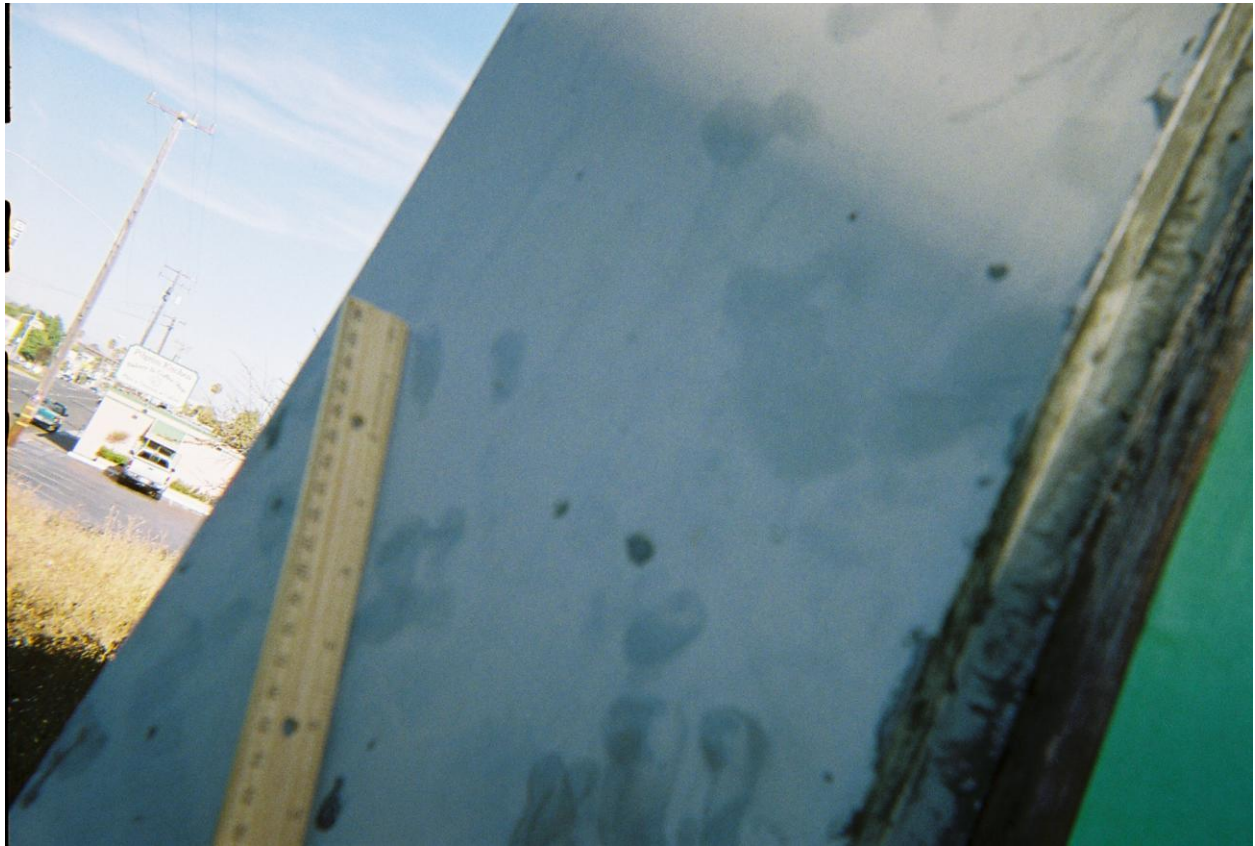

“KEYS” MARKED in white ON SEWER GRILL ABOUT SACRAMENTO & EMBARCADERO 1, along with reference photo, in San Francisco, California. Could this be for the a VC Firm. Could these be keys that the Fire department have access to?

ATTEMPTS AT DETAIL AND SCALE OF FINGERPRINTS, HANDPRINTS AT ABOUT DAVEY GLEN, EL CAMINO, BELMONT CA.

#245711... same style 4 shown on the sign with "Profits 4 Exxon" marked on it nearby.

Possible surveyor chalk in black due to the bleeding and showing palm print perhaps due to backsplashing of chalk. Palm print seems to be of a tall thin male.

More detail and scale of fingerprints on edge of the sign.
