Burn out near bar; think same block, heading towards BART tunnels (see church across the street close to Mission street) See Link Below:

Was this a threat? Did this also happen about the same time the Redwood City Arsons happened which caused the ATF and the city to offer a reward? Was this really motivated by an attempt to get Google Wireless on the traffic signal poles in the center dividers of Redwood City and other cities? "CONFoRM" written near where lopped trees where in Redwood City Divider.:
